TWO BROTHERS, TWO GODS, THE WAR AGAINST EVIL BEGINS

Connor has been sent on a mission to kill a King, and he won't lose any sleep over killing him, because Connor blames the King for killing his whole family. When Connor arrives at the castle, he discovers that there is a far greater malignancy than an old King in this world he lives in, and that Connor is apparently the only one who can stop this malevolence.

Connor's world is torn apart as he discovers who he is and realizes his own destiny. He is thrust into a world in which he is a King who has to fight the evil Queen Merrill before she destroys the world they both inhabit. Can he save the day, or will Merrill triumph? You will have to read the book to find out, and don't worry – whatever the outcome of the first instalment may be, Spinetinglers guarantees you will not be disappointed.

*The Siege of Scarn is the first instalment in the Trance Warriors saga, and what a promising beginning it is. The world that Robert C. Auty creates is a world that will entertain and excite readers of Fantasy Fiction, a world of Dwarfs, Elves, Gods and Demons. At times, the modern dialogue is a little bit distracting because the book is set in an ancient and fantastical world, but you forget about the modern language as the book progresses and become totally entranced by the story. If you enjoy books such as *The Fellowship of the Ring*, you will enjoy *The Siege of Scarn*.*

Auty's book is filled with romance, mighty battles, power struggles and glorious revelations, and the Epilogue promises much more to come.
